

Shengyu Chen

SHC160@pitt.edu

<https://www.linkedin.com/in/shengyuchen/>

RESEARCH INTERESTS

Physics-Guided Machine Learning, Spatial-Temporal Data Mining, Computer Vision

EDUCATION

University of Pittsburgh, Pittsburgh PA

Ph.D. in Computer Science

Expected May. 2025

- **Advisor:** Xiaowei Jia, Pitt Data Mining Lab.

Indiana University Bloomington, Bloomington IN

M.S. in Computer Science

Dec. 2018

- **Advisor:** Feng Qian.

Indiana University Bloomington, Bloomington IN

B.S. in Computer Science, **Minor:** Mathematics

Dec. 2017

AWARDS

SDM Best Doctoral Forum Poster Award

Apr. 2023

SDM Best Paper Award

Apr. 2023

SDM Travel Grant

Apr. 2023

Indiana University Graduate Student Fellowship

Nov. 2017

PUBLICATIONS (* denotes equal contribution)

3. **Shengyu Chen**, Shervin Sammak, Peyman Givi, Joseph P Yurko, Xiaowei Jia, "Physics-Guided Neural Networks for Reconstructing High-resolution Turbulent Flows. ", Bulletin of the American Physical Society (APS), 2021.
4. **Shengyu Chen**, Alison Appling, Samantha Oliver, Hayley Corson-Dosch, Jordan Read, Jeffrey Sadler, Jacob Zwart, and Xiaowei Jia, "Heterogeneous stream-reservoir graph networks with data assimilation.", DSOS 2021.

PROFESSIONAL SERVICE

Reviewer of IEEE Transactions on Big Data (reviews: 1)	2023
ECML PKDD Workshop Peer Review (reviews: 1)	2023
SDM Conference Peer Review (reviews: 2)	2023
UAI Conference Peer Review (reviews: 8)	2023
Session Chair of SDM Conference	2023

ACADEMIC EXPERIENCE

Graduate Student Researcher at University of Pittsburgh	Sep. 2020 - Present
<ul style="list-style-type: none"> Join Professor Xiaowei Jia's lab, with a focus on designing and integrating novel machine learning methods with physics knowledge to various scientific problems, including turbulence simulation, streamflow&baseflow prediction, medical imaging, and more. 	
Teaching Assistant at University of Pittsburgh	Jan. 2022 - May. 2022
<ul style="list-style-type: none"> Assist professors in two courses: Discrete Mathematics and Bioinformatics, focusing on conducting recitation sessions and holding office hours. 	
Research Associate at Minnan Normal University	Feb. 2019 - Jul. 2020
<ul style="list-style-type: none"> Join the team of professors of Yaojin Lin and Guoping Lin, with a focus on the research direction of multi-label learning. 	
Teaching Assistant at Indiana University Bloomington	Aug. 2017 - Dec. 2018
<ul style="list-style-type: none"> Assist Professor Mitja in teaching courses including object-oriented programming, data structures, Python programming, and computer graphics, for over 200 IU students. 	
Research Assistant at Harbin Institute of Technology	Jul. 2018 - Dec. 2018
<ul style="list-style-type: none"> Participate in Professor Bin Liu's research team at Harbin Institute of Technology, working on a thesis related to DNA and protein identification. 	
Research Assistant at Indiana University Bloomington	May. 2018 - Jul. 2018

- Assist Professor Feng Qian in research on mobile computing and networking for accelerating the download speed of mobile phones and enhancing the safety of downloading process.

Undegraduate Research Assistant at Indiana University Bloomington Jan. 2017 - May. 2017

- Assist Professor Hasan Kurban in research primarily focused on data mining and machine learning algorithm analysis, particularly data collection and experimental analysis.

Mathematics Tutor at Indiana University Bloomington Jan. 2016 - May. 2016

INTERNSHIPS & WORK EXPERIENCES

Ph.D Student Researcher at Los Alamos National Laboratory May. 2022 - Present

- Join Dr.Youzuo Lin's team as a Ph.D. student researcher, with a focus on designing and applying machine learning models augmented with physics knowledge to address Geoscience challenges such as microcrack propagation, as well as medical imaging problems including brain imaging.

Software Engineer Intern at IUB Serve IT Clinic Sep. 2017 - Dec. 2017

- Construct web portals for a local company and oversaw processes ranging from planning and test plan development to the analysis of execution results.
- Employ Python scripts to conduct performance and integration tests, while also enhancing testing efficiency and quality through refactoring, removal, and implementation of original unit test objects.

Financial Analyst Intern at China Development Bank, Xiamen Branch Jun. 2016 - Aug. 2016

ACTIVITIES

Deputy Director of Career Development Dept, IUCSSA Jan. 2021 - Dec. 2016

Director of Planning Department, DCIU Volunteer Organization Sep. 2015 - Dec. 2016

Vice President of Professional Department, Indiana University CS Club Jan. 2016 - May. 2016

Piano Performer, IUB Jacobs School Music Recitation Feb. 2016

ADDITIONAL INFORMATION

Computer: Tensorflow, Pytorch, Python, Matlab, R, JS, React, Git, C, Java.

Skills: Amateur Level Ten in Piano (Top Level), Music Composition, Drawing, Basketball, Tennis, Billiard, Bowling, and Golf.
